And a lot more...

HOW DID WE GET HERE?

Lounaispaikka

- GIS co-operation network
- Founded in 2002
- Stable funding from 2012 onwards
- Funded by
 - University of Turku
 - Regional Council of Southwest Finland
 - Regional Council of Satakunta
 - Åbo Akademi University
 - Novia University of Applied Sciences
 - City of Turku

Operation area:
Southwestern Finland

- In recent years also open data,
statistics, stronger connection to
regional strategy

LOUNAISTIETO

FACILITATING COOPERATION IN SOUTHWEST FINLAND

"The Partnership Forum is the network of actors that implements the regional strategy for Southwest Finland and the trigger of cooperation within the region: it is a window to regional cooperation and activities. Together with the regional information service, the Partnership Forum gathers open data, operators and networks that aim to achieve more together."

Turku region open data group
